Your support is greatly appreciated and tax-deductible as allowed by law.

Why Adopt an Animal?

Our animals play a crucial role in the education of over 18,500 children a year. Not only do school age children enjoy and learn from our animals, so do adults—we have over 35,000 visitors to our museum a year.

Your animal sponsorship helps cover the cost of food, housing, and bedding. Sophie the Great Horned Owl eats \$500 of mice a year alone! All together, our animals need over \$3,000 a year in food and veterinary care.

Thank you for helping us care for our animals. We appreciate your support!

Come meet all of our adoptable animals, and other adopters, at our big Adoptiversary Party the week before Thanksgiving!

"Adoption" is a form of sponsorship—adopted animals remain at Tanglewood. Animals, like all living things, change, grow, and pass away. Some very popular animals may have more adopters and "extended families."

Adopt an Animal!

Animal adoption funds go directly toward the food, supplies, and medical care for our animals.

You can expect your adoption package within two weeks of submitting your application.

Since we have such diversity in animal species, your stuffed animal may be substituted with a similar species. It's difficult to find spotted salamander stuffed animals, for example. We hope you'll love your new friend!
